

TRADE BUILDERS SUPPLIES

Please note:

1. Checklist to be filled out as much as possible
2. Only tick & provide notes for relevant aspects of your quote
3. Be careful not to provide conflicting information (eg. Ticking both “pre-nail” and “stick frame” or both “design as per engineering” and “re-design for cost savings”)
4. Please provide notes for any aspects not covered in checklist
5. Floor system, rafter, truss & pre-nail frame designs changed from engineering will still be issued a Form 15 (excluding LVL to hardwood joist & bearer conversions)

Customer	
Project	

Component	Variables	Tick
Frame	Pre-Nail - Designed as per engineering?	
	Pre-Nail - Re-designed for cost savings?	
	Stick Frame	
	Other Notes
